SEE THE RECORD.

When Blan l's seigniorage bill came up in Congress to be voted on only four Republicans out of 122 answered to their names for three weeks. Congressman Lafe Pence of Colorado says: "Tom Reed cracked his whip over them, and even when Western Republicans wanted to answer to their names and make a quorum, he would prevail upon them before the very eyes of the House to take ticket. If a few more of the countries their hats and coats and leave the House. Reed himself would go to them and request that they go down street for a little while if they felt like they must vote if they staid."

The same Tom Reed by the same power compelled Mr. Bartine to oppose the consideration of Bland's free coinage bill at the session before. It is not an insult to the intelligence of men of Nevada to follow such a party hunting free coinage or to vote for Bartine who was and is but putty in the hands of Tom Reed, and who recommended at the crack of the Reed whip the passage of the infamous Windom bill-the Har- October in the No thern Stat s. rison measure to effectually des- Mars will not again visit Autumn troy silver as a money metal: Like his Democratic allies, he was a cookoo, but belonged to the Harrison nest, while they were hatched later in the Cleveland incubator - Silver State.

New he is a candidate for Governor on an anti-lottery platform. Can use propie trust him on the lettery question! The only safe way is to defeat him, -E ko Independent.

We consider the above an unfair attack on Mr. Cleveland. While the 10th day of October until toe 20th day Mr. Cleveland was in favor of the lottery we do not believe that he would ever sign a lottery bill unless the lottery amendment was a p rt of the Constitution. As both political parties in this State have unequivocally declared against the forfery scheme, no man elected to the Legislature can consistently vote for the lottery amendment.

The Art Ear dislikes an unfair attack in politics and cannot countenance an attack on Mr. Cleveland that carries with it the slightest intimation that he as a Governor would Over the Bullion & Exchange Bank, violate his official oath. Such a

proposition is in our opinion too ridiculous to discuss. The only fair fight that can be made against Mr. Cleveland is that he is running on a ticket that is opposed to the best interests of the State, that he has not been broad enough to cast aside the partisanship of years and ally him self with a party of progress and broad ideas.

To charge Mr. Cleveland with dishonesty or mercenary motive is on a par with charging Mr. Jores with For Associate Justice of Supreme dishonesty. Both are honest men and any claim that either is not an 130 honest man, can only recoil on the parties making the claim. Give us a square fight devoid of senseless mud throwing.

Off as Usual.

The Carson Tribune claims that it has information from Humbeldt 130 county to the effect that the Republicans here are gaining ground, If such is the fact where are there candidates for local offices, Insteal of gaining they are losing. One of the oldest Republicans in the county, and a man who has been prominently identified with the party for years, namely, Alex Wise informed the Silver State that he has written the State Central Committee of the Rpublican party to take his name will as a member of the committee from Humboldt, Mr. Wise is also a canpidate for State Senator, but does not state in his announcement that he is a candidate on the Republican are gaining in Republican strong h like Humboldt there will not be enough of Republican votes cast in the State if they were all bunched together, to elect a Republican constable in Winnemuces. You had better Eddie, write about Ormsby and tell the dear people of that county what you don't know about its politics, as that would give you an opportunity to make a long story,-Silver State.
